**Workshop on “CONNECTXPO:UNLOCKING THE**  
**FUTURE WITH IOT AND EMBEDDED SYSTEMS” on**  
**15/03/2024**

The insightful theory sessions, coupled with the engaging hands-on experience, proved to be a transformative learning journey. Session leaders deserve special recognition for their exceptional ability to translate complex concepts into easily digestible nuggets. Their passion was truly contagious, and it served as a powerful motivator for our students.

sessions will serve as a catalyst, sharpening the skills of our students and transforming them from raw potential into shining diamonds. You helped our students unearth the hidden potential within them, equipping them with valuable knowledge and practical skills that will serve as a springboard for their future careers in the exciting world of IoT and embedded systems.

 **Government Engineering College - Gandhinagar** 

ELECTORNICS AND COMMUNICATION DEPARTMENT

**CONNECTXPO: UNLOCKING THE  
FUTURE WITH IOT AND  
EMBEDDED SYSTEMS**

DATE : 15<sup>th</sup> MARCH, 2024  
(Friday)

Expert Session: 11.00 am to 4:00 pm

 Patron  
Dr. Sweta Dave  
Principal

 Convener  
Prof. T. B. Sheth  
H.O.D (E.C)
